CONTACT :30

A social distancing tip:

Putting distance between yourself and others is critical to slowing the spread of Coronavirus. So here are ways to stay in contact...without the physical 'contact' part.

Call.

Send a text.

Set up a video conference.

Post on social media.

Dedicate a song on the radio.

If you have symptoms of fever, dry cough and shortness of breath, call your healthcare provider before going to their office. For more info, visit [Coronavirus.gov](https://www.cdc.gov/coronavirus).

Let's all do our part because we're all #AloneTogether.

STAY HOME :30

A social distancing tip:

Keeping your distance from others is important in slowing the spread of Coronavirus. So here are some fun things to do alone.

Read a book.

Take a walk.

Unpack your suitcase from that trip you took last September.

Paint a self-portrait.

Catch up on a TV series.

Do a puzzle.

Remember, we should all stay home to lower the risk for everyone. For more info, visit [Coronavirus.gov](https://www.cdc.gov/coronavirus).
